

I know that the NAB feels threatened by the success of XM Radio. The variety and quality of the broadcasts are unexcelled and I now rarely listen to AM or FM as those stations seem to be so choked with advertisements and the mindless chatter of the DJ's.

I support XM Radio's ability to provide the high quality programming that I demand and deserve. I respectfully urge the FCC to reject the NAB's petition 04-160.

Sincerely,

Marie Delcambre
